

# COUNTRY LIVING IN A CARIBOO VALLEY

LIVING & LOVING THE COUNTRY LIFE

**Hi! I'm Annie Coombe. In 2006, my husband and I moved from a small city to the bush in beautiful British Columbia.**

**We have been loving the country lifestyle ever since. We enjoy large gardens full of vegetables, berries and other fruits. We love making (and eating!) 100% homegrown meals.**

**We have a garlic farm and plan to harvest over 23,000 bulbs in 2017.**

**I started Country Living in a Cariboo Valley in 2008 for a very simple reason. When we moved here, there was no gardening information at all online for the area we moved to (Zone 3).**

**Gardening is very different here than on the coast of BC. I thought I could not be the only new gardener to the Cariboo and decided to share what I had learned.**

**Over the last 9 years, the website has grown to include not only gardening but also, raising livestock (chickens, pigs & cattle), frugal living, self-sufficiency, wine making, building projects, hunting and fishing and more. It's all about Country Living!**
